JAMAICA INN

This celebrated Jamaican beach destination is decorated throughout in cool white and Wedgwood blue and has changed very little since its opening in the early 1950s. Sipping Martinis at the bar and dining in the moonlight to the sound of a live band are traditions that, thankfully, live on here today. After dark the atmosphere is one of relaxed elegance with amazing cocktails on the terrace followed by candlelit-dining under the stars, often with some great music.

Situated on the popular north coast of the island near Ocho Rios, the hotel boasts a beautiful private beach with panoramic sea views from all suites. There are no TVs, clocks or radios in the rooms - only peace and quiet, and the chance to take life at a slower pace. Breeze-cooled verandas are furnished for open-air living with oversized sofas, and bedrooms are elegantly furnished. The hotel offers many choices of accommodation; from suites with views of the beach and ocean, to exquisite cottages with plunge pools on a private cove.

Ocean Spa offers a sanctuary of natural pampering where ingredients are sourced organically from the island's farms. The open-air treatment rooms feature beautiful views of the coast. The early morning boat trip to Dunn's River Falls is an invigorating way to start the day, followed by an appetising breakfast on the terrace, before heading to the beach to spend the day dipping in and out of the warm Caribbean Sea.
