That extra mile also extends to making sure you get the best price too. Our buying power as part of a global travel business means you benefit from competitive pricing and special offers - exclusive from our supplier partners. New deals arrive daily, so speak to your local travel agent for the most up to date pricing and offers.

■ SERVICE YOU CAN COUNT ON

Travel 2 is an award-winning company and by working with your travel agent, we want to ensure your booking and travel experience exceeds expectations. From the advice you receive at initial enquiry right through to the service you receive in resort, our expert consultants are available 24-hours a day, seven days a week to support and assist your travel agent.

Create your perfect holiday

Booking your holiday to Dubai, Arabia, Indian Ocean or Beyond with Travel 2 will ensure that you experience these regions to the full. Choose from hip or boutique hotels, from moderate hotels to luxury resorts - the choice is huge and the value unbeatable. Add an immersive city tour with a local guide and experience the excitement of haggling in the bustling markets or soaking in the local culture. Why not sample some downtime with a pampering spa session? The choices are simply endless. Whatever you want to do, Travel 2 can create it just for you. Whether you are seeking a relaxing weekend away, planning the holiday of a lifetime or wanting to celebrate a special event, Travel 2 will exceed your expectations.

■ HOLIDAYS

Choosing your perfect holiday is an exciting moment. You may already know where you want to go and what you want to do but you may also want to browse and see what's available before making your decision. To help you make that choice, we have priced our holidays in the way that we believe makes it easier for you. In the beach resort areas, we have created packages that include flights and the specified number of nights' accommodation so you can see what the cost is going to be. However, prices are regularly negotiated, so ask your travel agent to see what our latest special offers are.

■ INDEPENDENT TOURING

Do you enjoy discovering the heart and soul of a country? If so, independent touring could be for you. We've put together some fantastic itineraries that strike the perfect balance between the freedom of travelling independently and the convenience of having your accommodation and transport already arranged.

■ ESCORTED TOURING

If you're short on time or you just enjoy the company of like-minded travellers, an escorted tour is a great way to see a country's main sights, or to discover a path less trodden. With the help of an expert guide you'll learn much about your destination in a safe and fun environment. And as the tours typically include all of your accommodation, excursions and often many of your meals, you're free to sit back and enjoy your holiday without having to worry about a thing.

■ SMALL GROUP TOURING

If you like the convenience of an escorted tour but want something a little more intimate, consider a small group tour. Travelling by 4WD or bus in a maximum group size of 16 (it's normally less) you'll enjoy a holiday that's filled with unique experiences. And with the help of an expert guide and/or driver, you'll learn all about your destination from someone who knows it and is genuinely passionate about it.

The ceiling is a huge architectural feature - works are displayed under a giant metal dome which weighs the same as the Eiffel Tower, and was designed to emulate the palm trees of Abu Dhabi, with a shower of light filtering through the canopy of 'leaves'.

Towards a safe and healthy holiday...

Part of the enjoyment of travelling abroad is experiencing a different way of life. Please remember though, that it may also mean experiencing different (and possibly lower) safety and hygiene standards from those we are used to in the UK. You must therefore bear this in mind and take care while you are away. Please read on.

BALCONIES Please note the heights of some balconies may be lower and the gaps between the vertical rails wider than expected. If you are travelling with young children, please ensure that they are not left

unsupervised on balconies. Keep balcony furniture away from the railings so that they are not encouraged to climb up. Note in some cases hoteliers have been requested to allocate bookings with young children around 6 years of age or under into ground floor rooms only.

GLASS PANELS The majority of hotels or apartments are not obliged to install "toughened" or safety glass in their windows, doors, glass cabinets, etc. Please take particular care and ensure children are made aware that when walking through patio doors glass, especially in bright sunlight, can be difficult to spot if the door/window is closed.

FIRE SAFETY Different countries have different fire safety regulations and procedures. Please read carefully any fire safety information available in your hotel room apartment or ask at reception for more information. When you first arrive, please make sure you familiarise yourself with the location of the fire exit nearest to your room/apartment. If there are battery operated smoke/other detectors in your room/apartment please make sure the same are working. If in doubt ask reception to assist.

BATHROOMS, RECEPTION AREAS & WALKWAYS Few hotels and apartments overseas provide non-slip mats in their baths and showers. Also, as bathroom floors, reception areas and other walkways overseas are often tiles, please take extra care to ensure you do not slip when these areas become wet.

LIFTS Never allow young children to travel inside any lift without an adult.

SWIMMING POOLS/WATER SLIDES ETC You will find that most hotels and apartments abroad do not employ a lifeguard. You therefore need to adopt a sensible attitude around the pool and make sure children and non-swimmers in your party are supervised at all times by you/an appropriate adult, even when using the kids pool or kids pool section of a main pool. Diving is discouraged but if you do please check that the water is deep enough and take particular note of any depth markings. Take care when walking around the pool, as pool surrounds are often slippery when wet. You should not enter the pool after drinking alcohol. Familiarise yourself and your party with all of the notices around the pool together with any 'pool rules' and opening times..

Tips to aid safety when using the swimming pool:

- Always check the pool design and layout before getting in.
- Always shower before entering the pool water.
- Check your height in relation to the pool depth.

- Find out where the deep and shallow areas are, plus any slopes.
- Check for any "hidden" obstacles in the water (e.g..... rocks, ledges).
- Never dive from the pool side into less than 1.5m of water, and never dive from bridges, rocks, or other decorative features.
- Check to see if the pool has a lifeguard in attendance. If so, when?
- If using a water slide, ensure you and any children in your care leave a safe gap between descents and that when at the bottom move away quickly from the discharge area.
- Do not use the pool if you cannot see the bottom.
- Swim before eating and drinking, not immediately after.
- Check what to do in an emergency. If it is not stated, ask.
- Always supervise children, especially if the kid's pool is close to the main pool or is a section of the main pool.
- Do not swim at night (or when the pool is closed).
- If you or anyone in your party is or has been ill recently with a stomach upset or diarrhoea, avoid using the pool.
- Remember to always use adequate protection against the sun's rays.

SEA/BEACHES At times, especially during rough conditions, dangerous currents may be present. Please be aware that not all beaches will have a lifeguard in attendance. Please follow the flag warning signals available on most beaches and swim in the designated areas. Be especially careful if you have small children.

Tips to aid safety when using the sea and beaches:

- Familiarise yourself with the local flag warning system.
- See local advice on the safest beaches.
- Check to see if the beach has a lifeguard in attendance.
- Swim parallel to the shore, within your depth.
- Beware of local conditions (e.g. tides, winds, currents) seek advice.
- Supervise children at all times.
- Swim before eating and drinking, not immediately after.
- Do not swim at night.
- Find out what the appropriate emergency procedure is.
- Beware of any "zones" for power boats, jet skis etc.
- Remember to always use adequate protection against the sun's rays.

SPORT AND ACTIVITY Adequate travel insurance is essential. It is your responsibility to ensure that the insurance cover you purchase is suitable and adequate for your particular needs. Please therefore ensure that the insurance policy you/members of your party have is suitable and adequate for your particular needs and will cover you in the event of a sports/activity accident. Some activities are deemed more dangerous and are NOT covered or carry a higher premium. Please therefore ensure that you read the policy and if you are unsure, ask.

ELECTRICAL APPLIANCES Please remember that it is dangerous to use electrical appliances when wearing a wet bathing costume or with bare feet on wet floors. For your own safety, please exercise proper caution when handling electrical appliances and supervise closely any children who are doing so. Please report any electrical defects to your representative and the hotel reception as soon as you can.

MOPEDS Due to varying road conditions overseas, we do not recommend moped hire. Should you still decide to hire a moped, we strongly advise that you wear a crash helmet at all times and to wear appropriate clothing and footwear whilst driving. You should take out full insurance cover.

GAS For those of you staying in accommodation with gas installations, please remember:

When gas is alight the room should be ventilated. If you are not sure of adequate ventilation then please leave a window or door slightly open. If there are battery operated detectors in your room/apartment, please make sure the same are working and if in doubt ask reception to assist. When you leave your accommodation always ensure that the gas has been turned off. As an extra precaution for bottled gas, please also ensure that you turn it off at the bottle neck. Please do not use gas rings or ovens for heating your accommodation. They are for cooking only. If you detect any faults with gas appliances, please switch them off immediately and report them to a representative and reception.

CHILD SAFETY Please remember that young children should never be left unsupervised, particularly around the swimming pool, on the balcony, near the lifts and in the children's playgrounds. Make sure that your children always know where you will be and stress to them the importance of staying close by.

FOOD/DRINKS/ILLNESS We would always recommend that you drink bottled water and avoid ice in drinks. Always be sure that food is properly cooked or properly chilled and that salads and unpeeled fruits have been thoroughly washed. If in doubt, do not eat it, and try not to over indulge. If you or any member of your party is ill ensure that a doctor is seen locally, and that you inform your accommodation provider and/or Travel Company during your stay.

COTS AND HIGHCHAIRS Safety requirements vary from country to country. Please check before using a cot or highchair that you are happy with the safety standard and condition of it. If you have cause for concern please report it to your representative or to reception.

PERSONAL SAFETY Please take care of your valuables at all times, particularly when out and about in the resort. Most holiday destinations have their share of pickpockets. We would advise that you use a safety deposit box if you can, and limit the amount of cash you carry. Remember to lock your doors at night and when you go out during the day, as you would at home.

TRAVEL ADVICE The Foreign & Commonwealth Office has up-to-date advice on health and safety across the globe, as well as local laws, and passport and visa information. Please check <https://travelaware.campaign.gov.uk/> regularly for updates ahead of travel, as the advice can change.

BOOKING CONDITIONS

6. The price you pay
We reserve the right to amend the price of unsold holiday arrangements at any time and correct errors in the prices of confirmed arrangements.

The price of your confirmed arrangements is subject to variations which occur solely as a direct consequence of changes in:-

- (a) the price of the carriage of passengers resulting from the cost of fuel or other power sources; or
- (b) the level of taxes or fees on your confirmed arrangements imposed by third parties not directly involved in the performance of the package, including, but not limited to, tourist taxes, landing taxes or embarkation or disembarkation fees at ports and airports. Price variations will be calculated by applying the cost differential we experience as a result of the above factors. Prices may go up or down and we will notify you about any variation by sending you a calculation explaining the variation no less than 20 days before you are due to depart.

If your arrangements are a package, and if that means that you have to pay an increase of more than 8% of the price of your arrangements (excluding any insurance premiums, amendment charges and/or additional services), we will offer you the options in clause 8. In respect of Packages we will absorb, and you will not be charged for, any increase equivalent to 2% of the price of your arrangements, which excludes insurance premiums and any amendment charges.

If prices go down as a result of the above factors, we will make a reflective refund, but we will also deduct our administrative expenses from what is owed to you and this may extinguish the value of the refund due. Also, note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on price due to contractual protections in place.

7. Changes and cancellations by you

If you wish to make any changes to your arrangements after they have been confirmed, including if you wish to cancel all or some of them, you must inform us as soon as possible. Your notice requesting a change or cancellation will only take effect when it is received in writing by us at our offices and will be effective from the date on which we receive it. We can't guarantee that changes can be met, although we will do our best to assist. Since we incur costs in cancelling or changing your arrangements, all such changes and cancellations will be subject to the charges below. Where we are unable to assist with making a requested change and you do not wish to proceed with the original booking, we will treat this as a cancellation by you.

You may cancel any package arrangements prior to their commencement (following the process outlined above) in the event that i) circumstances amounting to unavoidable and extraordinary circumstances (as set out in clause 9) are occurring at the place where your arrangements are due to be performed or its immediate vicinity; ii) those circumstances make it impossible to travel safely to the travel destination, and; iii) the performance of your arrangements will be significantly affected by those unavoidable and extraordinary circumstances. We will refer to and take into consideration Foreign and Commonwealth Office guidance when determining whether your booking is affected. In this event, you will receive a refund without undue delay of any payments made but this the maximum extent of our liability and we regret we cannot meet any other expenses or losses you may incur as a result. If any member of your party is prevented from travelling, that person(s) may transfer their place to someone else (introduced by you and satisfying all the conditions applicable to the arrangements, including an agreement to these booking conditions) providing we are notified in writing not less than seven days before departure and you pay an amendment fee and meet all costs and charges incurred by us and/or incurred or imposed by us or any of our suppliers. Both you and the person to whom you would like to transfer your arrangements shall be jointly and severally liable for the payment of any balance due and for any additional fees, charges or other costs arising from the transfer. If you are unable to find a replacement, cancellation charges as set out below will apply in order to cover our estimated costs. Otherwise, no refunds will be given for passengers not travelling or for unused services. For flight inclusive bookings, most airlines do not permit name changes after tickets have been issued for any reason, you will have to pay the full cost of an alternative flight (if available) if you wish to transfer after tickets have been issued.

Please note that where an outbound portion of your flight coupon is not used, the return sector will be automatically cancelled by the airline and will be classed as void. No automatic right to any refund exists for such part-used tickets.

Charges in the event of a cancellation

If the reason for your cancellation is covered under the terms of your insurance policy, you may be able to reclaim the charges below. We will deduct the cancellation charge(s) from any monies you have already paid to us.

a. Packages and Accommodation-only

In the event of a cancellation, you will have to pay the applicable cancellation charges up to the maximum shown below (The cancellation charge detailed is calculated on the basis of the total cost payable by the person(s) cancelling excluding insurance premiums and amendment charges which are not refundable in the event of the person(s) to whom they apply cancelling):-

Time we receive your notice to cancel before departure	Cancellation charge (Package Holidays)	Cancellation charge (Accommodation Only)
More than 70 days before departure	Loss of deposit	Loss of deposit
70 to 57 days before departure	30% cost of the holiday (or loss of deposit if greater)	30% cost of the holiday (or loss of deposit if greater)
56 to 29 days before departure	50% cost of the holiday (or loss of deposit if greater)	50% cost of the holiday (or loss of deposit if greater)
28 to 15 days before departure	80% cost of the holiday (or loss of deposit if greater)	80% of the total cost (or loss of deposit if greater)
14 to 0 days before departure	100% cost of the holiday	100% cost of accommodation

The cancellation charges as set out in the table above apply to all bookings except where a booking includes items or services where the supplier's cancellation charges exceed those shown above. Please enquire at the time of booking as up to 100% cancellation charges may apply from the time of booking.

In the event of cancellation by some but not all party members, additional charges may be payable (for example, where a twin or double room will only be occupied by one person). Any such additional charges must be paid at the time of cancellation or with the balance of the cost of the arrangements as advised.

b. Other Travel Arrangements including Flight-only

If you need to cancel you must contact your travel agent. Cancellation charges vary depending upon the services booked and will be higher the later you cancel. Except as described below in respect of car rental, a minimum

cancellation fee of £50 will apply regardless of the value of the service cancelled. In some cases it may not be possible to offer any refunds for certain services such as air tickets once a booking has been made. The cancellation charge of flight only bookings will be 100% of the cost of the booking. Please ensure that you are certain of the fees applicable to your booking by asking your travel agent or us before proceeding to book your arrangements. Air tickets returned to us for a refund are subject to an administration fee of £50 per ticket. Refunds will not be paid by us until they have been received by us from the relevant airline or consolidator.

Car Rental: There is no charge to change/cancel car hire-only bookings more than 24 hours before departure. Cancellations 24 hours or less before departure will incur 100% cancellation charge. If you fail to cancel your reservation prior to the pick-up time and do not collect the vehicle on the pick-up date, or if you fail to comply with the pick-up terms (please see car suppliers website for full terms and conditions), we reserve the right to make a 'no-show' charge of 100% of the total car rental booking value and un-used or part-used car hire rental will be non-refundable.

Charges in the event of a change

In the event we can meet your requested change, you will have to pay £50 per person per change as well as any applicable rate changes or extra costs incurred as well as any costs incurred by ourselves and any costs or charges incurred or imposed by any of our suppliers.

Note: Certain arrangements may not be amended after they have been confirmed and any alteration or cancellation could incur a charge of up to 100% of that part of the arrangements in addition to the charges above.

8. Changes and cancellation by us

Where we refer to a 'price reduction' in this clause, we mean that we will give you an appropriate reduction in the price you paid for the arrangements affected for any period during which there was lack of conformity, (unless that lack of conformity is attributable to you). Where we refer to 'compensation', we will pay you appropriate compensation without undue delay for any damage which you sustain as a result of any lack of conformity subject to the limitations and exclusions in section B of clause 12.

Changes and cancellations to package arrangements before departure

Most changes will be insignificant and we reserve the right to make them. We will have no other responsibilities to you in respect of any insignificant changes.

Examples of "insignificant changes" made before departure include the following:

- A change of outward departure time or overall length of your arrangements of twelve hours or less.
 - A change of accommodation to another of the same standard or classification.
- Occasionally we may have to make a significant change to your confirmed arrangements and we reserve the right to do so. A significant change is one where we significantly alter any essential element of your arrangements (other than the price) owing to circumstances beyond our control. Examples of "significant changes" made before departure include, but are not limited to, the following:
- A change of accommodation resort for the whole or a significant part of your time away.
 - A change of accommodation to that of a lower standard or classification for the whole or a significant part of your time away.
 - A change of outward departure time or overall length of your arrangements of twelve hours or more.
 - A significant change to your itinerary, missing out one or more destination entirely.
 - Where we or our supplier can no longer fulfil any special requirements that we have accepted and confirmed on our confirmation invoice and this will have a significant impact on your arrangements.
 - Where we increase the price of your arrangements by more than 8% of the price of your arrangements (excluding any insurance premiums, amendment charges and/or additional services).

If we have to make a significant change or cancel before departure, we will inform you without undue delay and if there is time to do so before departure, we will offer you the choice of the following options:-

- i (for significant changes) agreeing to the changed arrangements,
- ii accepting the cancellation or terminating the contract for the arrangements and receiving a refund (without undue delay) of all monies paid; or
- iii accepting an offer of alternative arrangements of comparable standard from us, if available.

(In the event that any proposed change or alternative offered results in a reduction or increase in the price you have agreed to pay or an increase or decrease in the quality of arrangements we have agreed to provide, we will also notify you of any price reduction or additional amount due).

You must notify us of your choice within 7 days of our offer. If you fail to do so, we will contact you again, re-iterating the above choices and sums payable or refundable and if you again fail to respond within 7 days, we may terminate the contract and refund all payments made by you without undue delay.

Subject to the exceptions detailed below and where your arrangements are a package, we will where appropriate, pay you reasonable compensation, subject to the limitations and exclusions in section B of clause 12.

We will not pay you compensation where:-

- i) we make a significant change or cancel before you have paid the final balance of the cost of your arrangements;
- ii) we make a significant change or cancel as a result of unavoidable and extraordinary circumstances as set out in clause 9;
- iii) we cancel your arrangements no later than 20 days before they are due to start because the minimum number of participants to run them has not been reached.

We will not make a price reduction or pay you compensation; and the above options will not be available where:-

- i) we make an insignificant change;
- ii) we cancel as a result of any failure by you (including a failure to make payment in accordance with these terms);
- iii) where the change(s) or cancellation by us arises out of alterations to the confirmed booking requested by you.

Changes and cancellations to package arrangements after departure

If we become unable to provide a significant proportion of your package arrangements after you have departed, we will try to offer you suitable alternative arrangements of, where possible, equivalent or higher quality than those specified in the contract. If the alternative arrangements we make are of a lower quality than those you originally booked, we will make a price reduction. Where our original agreement included return transport we will also provide you with equivalent transport back to your place of departure without undue delay and additional cost. You may reject the proposed alternative arrangements only if they are not comparable to what we originally promised to provide or if the price reduction we offer is inadequate. Where we are unable to make suitable alternative arrangements or you reject the proposed alternative

arrangements in accordance with this clause, where appropriate and only where your arrangements are a package, we will pay you compensation subject to section B of clause 12.

Where we are unable to ensure your return from a package as agreed because of unavoidable and extraordinary circumstances defined in clause 9, we will bear the cost of necessary accommodation if possible of equivalent category for a period not exceeding (a) 3 nights per traveller (exceptions apply in respect of persons with reduced mobility and people travelling with them, pregnant women and unaccompanied minors, as well as persons in need of specific medical assistance, provided that we have been notified of their particular needs at least 48 hours before the start of the package); or (b) where a different period is specified in any passenger rights legislation applicable to the relevant means of transport for your return, for the period specified in that legislation.

The above sets out the maximum extent of our liability for changes and cancellations and we regret we cannot meet any other expenses or losses you may incur as a result of any change or cancellation.

Changes and cancellations to all other bookings by the supplier

We will inform you of any changes or cancellations to arrangements we have sold you as agent for other suppliers as soon as reasonably possible. If the supplier offers alternative arrangements or refund, you will need to let us know your choice within the time frame stipulated by the supplier. If you fail to do so the supplier is entitled to assume you wish to receive a full refund. We accept no liability for any changes or cancellations made to your arrangements by the supplier under your contract with them.

9. Unavoidable and extraordinary circumstances

Except where otherwise expressly stated in these booking conditions we will not be liable or pay you a price reduction or compensation if our contractual obligations to you are affected by unavoidable and extraordinary circumstances beyond the control of the party who seeks to rely on them which we or the supplier(s) of the service(s) in question could not avoid even if all reasonable measures had been taken. These events can include, but are not limited to war, threat of war, civil strife, terrorist activity and its consequences or the threat of such activity, riot, the act of any government or other national or local authority including port or river authorities, industrial dispute, lock closure, natural or nuclear disaster, fire, chemical or biological disaster and adverse weather, sea, ice and river conditions and all similar events outside our or the supplier(s) concerned's control. Advice from the Foreign Office to avoid or leave a particular country may constitute unavoidable and extraordinary circumstances.

Assistance to those travelling on a package in the event of difficulty or unavoidable and extraordinary circumstances

Where you have booked a package, we will provide appropriate assistance without undue delay in the event that you experience difficulty including where you are unable to return to your agreed point of departure because of unavoidable and extraordinary circumstances as set out in this clause 9. Such assistance will extend to providing appropriate information on health services, local authorities and consular assistance; and helping you to make distance communications and to find alternative travel arrangements. We will charge a reasonable fee for such assistance if the difficulty is caused by you intentionally or as a result of your act or omission. In the event such assistance is needed please contact cust@travel.com or call 0141 226 6222.

10. Complaints

If you experience difficulty or lack of conformity during your holiday, you must inform us without undue delay so that we can take steps to assist you or put things right, if you fail to do so we will be unable to consider any claim for refund or compensation. You should also contact us by emailing cust@travel2.com or call 0141 226 6222. If your complaint remains unresolved and you wish to complain further, please send formal written notice of your complaint to us within 28 days of the end of your arrangements, giving your booking reference and all other relevant information. Failure to follow the procedure set out in this clause may affect ours and the applicable supplier's ability to investigate your complaint, and could affect your rights under our agreement.

11. Your behaviour

If in our reasonable belief or opinion or in the reasonable belief or opinion of any person in authority, your behaviour is jeopardising the safety of aircraft, people or property therein or good order and discipline on board; or is causing or is likely to cause distress, danger, damage or annoyance to any third party or property, or to cause a delay or diversion to transportation, we reserve the right to terminate your arrangements immediately. In the event of such termination our responsibilities to you will cease and you will be required to leave your accommodation or other service immediately. We will have no further obligations to you and will not meet any expenses, costs or losses incurred as a result. You may also be required to pay for loss and/or damage caused by your actions directly to the applicable supplier prior to departure from the service. If you fail to do so, you will be responsible for meeting any claims and costs subsequently made against us as a result.

12. Our Responsibility

Where we refer to a 'price reduction' in this clause, we mean that we will give you an appropriate reduction in the price you paid for the arrangements affected for any period during which there was lack of conformity, (unless that lack of conformity is attributable to you). Where we refer to 'compensation', we will pay you appropriate compensation without undue delay for any damage which you sustain as a result of any lack of conformity subject to the limitations and exclusions in section B of this clause 12.

A. Our responsibilities differ according to what you have booked: (i) In relation to bookings of Packages

We accept responsibility as an "organiser" under the Package Travel and Linked Travel Arrangements Regulations 2018. Subject to these booking conditions, if we fail to arrange or perform your package arrangements in accordance with our agreement, we will remedy any resulting lack of conformity. If that is impossible or entails disproportionate costs (taking into account the extent of the lack of conformity and the value of the arrangements affected), we will instead pay you compensation subject to clause B of this clause.

(ii) In relation to all other bookings

In respect of all other bookings, we act as agent for other suppliers. We have a duty to select the suppliers of the services making up your booking with us using reasonable skill and care. Except as stated otherwise in these terms, we have no liability to you for the actual provision of the services, except in cases where it is proved that we have breached that duty and damage to you has been caused. Therefore, providing we have selected the suppliers using reasonable care and skill, we will have no liability to you for anything that happens during the service in question or any acts or omissions of the supplier, its employees or agents.

Please note in relation to all bookings:

- it is your responsibility to show that we or our supplier(s) have been negligent if you wish to make a claim against us.
- It is a condition of our acceptance of the responsibility above that you inform us and the supplier(s) concerned without undue delay of the lack of

conformity you perceive; and allow us a reasonable period in which to remedy it. Please contact custsr@travel2.com or call 0141 226 6222.

B. Limitations and exclusions of responsibility

In these terms and conditions, our responsibilities are limited, and our duty to pay compensation is limited and excluded as follows:-

(i) We will not be responsible, make a price reduction or pay you compensation for any lack of conformity, injury, illness, death, loss, damage, expense, cost or other claim of any description if it results from:-

(a) the act(s) and/or omission(s) of the person(s) affected;

(b) the act(s) and/or omission(s) of a third party unconnected with the provision of your arrangements and which were unforeseeable or unavoidable; or

(c) Unavoidable and extraordinary circumstances as set out in clause 9.

(ii) We will not be responsible, make a price reduction or pay compensation:-

- for services or facilities which do not form part of our agreement or where they are not advertised by us. For example any excursion you book while away, or any service or facility which your hotel or any other supplier agrees to provide for you.

(b) for any damage, loss or expense or other sum(s) of any description which on the basis of the information given to us by you concerning your arrangements prior to them being confirmed, we could not have foreseen you would suffer or incur if we breached our contract with you; or that relate to any business.

(iii) Any price reduction or compensation that is payable will be calculated taking into consideration all relevant factors for example (but not limited to):-

(a) whether or not you have followed the complaints and notifications procedure as described in these conditions. It is a condition of our acceptance of liability under this clause that you notify any claim to ourselves and our supplier(s) strictly in accordance with the complaints procedure set out in these conditions.

(b) the extent to which ours or our employees' or suppliers' negligence affected the overall enjoyment of your arrangements.

(c) deduction that we must make to take account of any money which you have received or are entitled to receive from any transport provider or hotelier for the complaint or claim in question.

(Please also note that where any payment is made, the person(s) receiving it (and their parent or guardian if under 18 years) must also assign to ourselves and our insurers any rights they may have to pursue any third party and must provide ourselves and our insurers with all assistance we may reasonably require.)

Luggage or personal possessions and money

The maximum amount we will have to pay you in respect of any claim for loss of and/or damage to any luggage or personal possessions or money is an amount equivalent to the excess on your insurance policy which applies to this type of loss per person in total because you are assumed to have adequate insurance in place to cover any losses of this kind.

Claims covered by an International Convention

When arranging transportation for you, we rely on the terms and conditions contained within any applicable International Conventions. The extent of or the conditions under which compensation is to be paid or liability accepted will in all cases be limited as if we were carriers under the appropriate Conventions, which include The Paris Convention (with respect to hotel arrangements). You can ask us for copies of these Conventions.

Any other claims which don't involve injury, illness, death or damage caused by us or our suppliers intentionally or negligently; or other liability that can't be limited by law

The maximum amount we will have to pay you in respect of all such claims is three times (twice in the case of arrangements which aren't packages) the price paid by or on behalf of the person(s) affected in total. This maximum amount will only be payable where everything has gone wrong and you or your party has not received any benefit at all from your arrangements.

13. Jurisdiction and applicable law

This contract and all matters arising out of it are governed by English law. We both agree that any dispute, claim or other matter which arises out of or in connection with this contract or your holiday will be dealt with under the ABTA Arbitration Scheme (if the scheme is available for the claim in question - see clause 14), the European Commission's Online Dispute Resolution Platform which can be accessed using the following link: <http://ec.europa.eu/odr> or by the Courts of England and Wales only. You may however, choose the law and jurisdiction of Scotland or Northern Ireland if you live there and wish to do so.

14. ABTA

We are a Member of ABTA, membership number VO156. We are obliged to maintain a high standard of service to you by ABTA's Code of Conduct. We can also offer you ABTA's scheme for the resolution of disputes which is approved by the Chartered Trading Standards Institute. If we can't resolve your complaint, go to www.abta.com to use ABTA's simple procedure. Further information on the Code and ABTA's assistance in resolving disputes can be found on www.abta.com. You can also access the European Commission Online Dispute (ODR) Resolution platform at <http://ec.europa.eu/consumers/odr/>. This ODR platform is a means of registering your complaint with us; it will not determine how your complaint should be resolved.

15. Financial security for our packages

We provide security for our flight inclusive packages by way of a bond held by the Civil Aviation Authority under ATOL number 3228. In the event of our insolvency, you can contact the Civil Aviation Authority at Gatwick Airport South, West Sussex, RH6 0YR, UK, telephone 0333 103 6350, email claims@caa.co.uk. When you buy an ATOL protected flight or flight inclusive holiday from us you will receive an ATOL certificate. This lists the flight, accommodation, car hire and/or other services that are financially protected, where you can get information on what this means for you and who to contact if things go wrong. Not all holiday or travel services offered and sold by us will be protected by the ATOL Scheme. Please check your ATOL Certificate or ask us to confirm what protection may apply to your booking.

We, or the suppliers identified on your ATOL Certificate, will provide you with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where neither we nor the supplier are able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder. In which case you will be entitled to make a claim under the ATOL Scheme (or your credit card issuer where applicable).

If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit you assign

absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL Scheme.

We provide protection for our non-flight inclusive package arrangements by way of our membership of ABTA, The Travel Association (ABTA number VO156). If your holiday does not include flights, ABTA will financially protect your package holiday in the same way. In the event of our insolvency, you can contact ABTA at 30 Park Street, London, SE1 9EQ, email www.abta.co.uk

If you book arrangements other than a package for which we are the organiser, your monies will not be financially protected by us. Please ask us for further details.

16. Passport, Visa and Immigration Requirements and Health Formalities

It is your responsibility to check and fulfil the passport, visa, health and immigration requirements applicable to your itinerary. We can only provide general information about this. You must check requirements for your own specific circumstances with the relevant Embassies and/or Consulates and your own doctor as applicable. Requirements do change and you must check the up to date position in good time before departure.

Most countries now require passports to be valid for at least 6 months after your return date. If your passport is in its final year, you should check with the Embassy of the country you are visiting. For further information contact the Passport Office on 0870 5210410 or visit www.passport.gov.uk

Up to date travel advice can be obtained from the Foreign and Commonwealth Office, visit www.fcdo.gov.uk

Non British passport holders, including other EU nationals, should obtain up to date advice on passport and visa requirements from the Embassy, High Commission or Consulate of your destination or country(ies) through which you are travelling.

We do not accept any responsibility if you cannot travel, or incur any other loss because you have not complied with any passport, visa, immigration requirements or health formalities. You agree to reimburse us in relation to any fines or other losses which we incur as a result of your failure to comply with any passport, visa, immigration requirements or health formalities.

17. Flights

In accordance with EU Directive (EC) No 2111/2005 Article 9, we are required to bring to your attention the existence of a "Community list" which contains details of air carriers that are subject to an operating ban with the EU Community. The Community list is available for inspection at http://ec.europa.eu/transport/air-ban/list_en.htm

In accordance with EU Regulations we are required to advise you of the carrier(s) (or, if the carrier(s) is not known, the likely carrier(s)) that will operate your flight(s) at the time of booking. Where we are only able to inform you of the likely carrier(s) at the time of booking, we shall inform you of the identity of the actual carrier(s) as soon as we become aware of this. Any change to the operating carrier(s) after your booking has been confirmed will be notified to you as soon as possible. We are not always in a position at the time of booking to confirm the aircraft type and flight timings which will be used in connection with your flight. The flight timings and types of aircraft shown on our website, in this brochure and detailed on your confirmation invoice are for guidance only and are subject to alteration and confirmation. The latest timings will be shown on your tickets. You must accordingly check your tickets very carefully immediately on receipt to ensure you have the correct flight times. It is possible that flight times may be changed even after tickets have been dispatched - we will contact you as soon as possible if this occurs, but in any event we advise you to check flight times with the airline 24 hours prior to departure. Please reconfirm your flight times for your return journey in case of any change after you have made your outbound journey. Any change in the identity of the carrier, flight timings, and/or aircraft type will not entitle you to cancel or change to other arrangements without paying our normal charges except where specified in these conditions. If the carrier with whom you have a confirmed reservation becomes subject to an operating ban as above as a result of which we the carrier are unable to offer you a suitable alternative the provisions of clause 8 (Changes and cancellation by us) will apply.

Where applicable, under the Denied Boarding Regulation (EU 261/2004), if you have been denied boarding, your flight has been cancelled or it has been significantly delayed, it is the airline's duty to look after you. This means providing food, drinks, and some communications. If you are delayed overnight, this also means a hotel and travel to and from it. Full details of these rights will be publicised at EU airports and will also be available from airlines. We have no liability to you in these circumstances whatsoever and your claim for this assistance and any compensation must be made directly to the airline. Liability of an airline under EU 261/2004 will not automatically entitle you to a refund of your holiday price from us. If, for any reason, you do not claim against the airline and make a claim for compensation from us, you must, at the time of payment of any compensation to you, make a complete assignment to us of the rights you have against the airline in relation to the claim that gives rise to that compensation payment.

18. Delay

We cannot accept liability for any delay which is due to unavoidable and extraordinary circumstances as set out in clause 9. A delay to or cancellation of your transport service does not automatically entitle you to cancel any other arrangements even where those arrangements have been made in conjunction with your transport. However, you may be entitled to claim under the delay section of your travel insurance policy.

19. Booking Condition Amendments and Right to Refuse Travel Arrangements

We reserve the right to add, withdraw and/or amend any of our Booking Conditions at any time and without notice and furthermore reserve the right to refuse any booking.

Important Information

This important information together with the booking terms and conditions form the basis of your contract with Travel 2 Limited.

Additional Beds

Prices for three and four people sharing a room are available on request. Hotels that do not charge for children will expect them to share the existing sleeping arrangements with accompanying adults, and will make an additional charge if extra sleeping arrangements, such as a rollaway or camp bed, are required. However it should be noted that additional sleeping arrangements in the room type booked could cause cramped conditions.

If you have booked a family plan room type for two adults then it is likely that

only the adults will be paying guests at the hotel and receive bedding while the accompanying child(ren) will be on a free of charge basis and be expected to share the existing sleeping arrangements with the adults.

Flight Seating

If you have a special request in relation to flight seating you must advise us at the time of booking. We regret we cannot guarantee any request will be met. Confirmation that a special request has been noted is not confirmation that it will be provided. All special requests are subject to availability. Failure to meet any special request will not constitute a breach of contract.

Baggage Allowance

Many airlines charge extra for baggage. On US and Canadian Domestic flights airlines charge locally for checked baggage, including for flights sold in combination with International tickets. Information can be found on the carrier's website. Please ask for details at the time of booking. Excess charges will apply if your allowance is exceeded on any flight.

Brochure Accuracy

Please be aware that brochures are written and produced many months in advance. However, changes and errors can sometimes occur and we ask you therefore to check for the latest holiday details at the time of booking. In addition to hotel information, please bear in mind that changes and alterations can also affect escorted tour, cruise and pre-planned self-drive itineraries. This may be due to local holidays, festivals or special events, adverse weather conditions, essential maintenance projects or other circumstances outside our control. The availability of some facilities and amenities including restaurants, water sports and Kids' clubs may be affected by local conditions, such as inclement weather, public holidays or low occupancy. Please check with us at the time of booking.

Check-in & Check-out times

Generally, check-in times range between 2pm and 4pm, and check-out between 10am and 12 noon. Subject to the availability of rooms, you may be able to check in earlier. Early check-in is at the discretion of the hotel and cannot be guaranteed unless you book and pay for the accommodation from the night prior to arrival.

Climate

The climate chart and weather guide on the introduction page for each country has been compiled with the aid of information supplied by various meteorological offices. This chart is for guidance only and we cannot accept responsibility for any adverse weather conditions which may impact your holiday enjoyment.

Departure Tax

All UK departure taxes and UK airport passenger facility charges (which vary by departure airport) are pre-paid and added to the cost of your air ticket and will be quoted at the time of booking. Various countries impose their own departure tax which may not be included within the cost of your air ticket. Please check with us at the time of booking. Please ensure you have sufficient local funds available upon departure.

Hotel Extras

Parking charges at hotels may be applicable and are not included in the prices shown. Leisure facilities featured at hotels are not necessarily free of charge. The use of facilities such as health clubs, tennis courts, golf courses, horse-riding, motorised watersports and scuba diving are normally subject to a fee. Some facilities may also only be available seasonally. Hotel wi-fi may be subject to a fee. Please enquire at the time of booking.

Maintenance

Renovations and/or construction work may sometimes be taking place at your chosen hotel/resort. When we have been advised of this and consider that it may affect the enjoyment of your holiday we will notify you as soon as possible. However, while every effort will be made, it may not always be possible to advise you of emergency repairs prior to your departure from the UK.

Meals

When purchasing holiday arrangements on a half board, full board or all inclusive basis, please note that some hotels require that meals may only be enjoyed in the main restaurant. Furthermore, please note that meals may only be available at limited times. A supplement may be required to dine in other restaurants, or when ordering certain food or beverage items. Please check with us at the time of booking as to what is included.

Rooms

Most hotel prices are based on a standard room for up to two adults. Upgraded room types are available at a supplement; meals are only included where stated. Rooms are generally allocated on a 'run of house' basis, which means you can be allocated a room in any part of the property, unless otherwise stated.

Smoking

Most hotels, airlines and coach companies now operate a complete non-smoking policy. Cities in some countries ban smoking in public places such as bars and restaurants. Please enquire at the time of booking.

Special offers

Special offers cannot be used in conjunction with any other offers or be combined with other special offers. Special offers are subject to availability and terms and conditions will apply. Offers can be revoked at any time.

Star Ratings

Every effort has been made to ensure that the hotels and other accommodation featured in this brochure are correctly represented and will fulfil your expectations for quality and service. It is important to note that, where used, the star classification system is our own and does not conform to any internationally recognised system. The rating, in our opinion, reflects a true representation of the merits of each property. Inevitably, standards will differ slightly between the many destinations which we feature.

2* Economical and comfortable accommodation offering a simple standard of room and limited facilities.

3* Comfortable accommodation with standard rooms, amenities and public areas. Most three-star properties offer a restaurant on-site and some have a swimming pool.

4* Good superior accommodation offering a selection of services. Most four-star hotels feature a choice of restaurants and in addition, many also have a health club and swimming pool.

5* Five-star hotels offer the highest standards of service and facilities and are acknowledged as the leading properties in the area.

5+* The adjacent symbol gives recognition to hotels of exceptional quality.

+* Indicates a hotel falling between two categories.

Utilities

In most of the destinations featured in this brochure, supplies of water and electricity are generally very reliable, however in some of the less developed and more remote destinations you may experience occasional power cuts and water restrictions. Water quality can also differ from the UK and we recommend drinking bottled water which is widely available.
